

## Chaska Figure Skating Club Bigs/Littles

- Littles are 6th grade or younger.
- The CFSC Bigs/Littles program is a great opportunity for older skaters to be paired with younger skaters to provide a mentorship and a buddy system both on and off the ice.
- Skaters will cheer each other on at events and older skaters will help to celebrate milestones that their littles complete like taking USFS skating tests, skating in the ice show and competing at events.
- This program is a great way for skaters to make friends on the ice and have an older skater they can talk to knowing they have been on their same path.
