

Trial Lesson Program

Welcome to the next milestone on your skating journey with Chaska Figure Skating Club. We are so excited that you are ready to work with a private coach!

The CFSC trial lesson program is meant for your skater to work one on one with several of our professional coaches to find a good fit. Your skater will have the opportunity to have up to 8 trial lessons in total. Each lesson is 15-minutes in length and \$11.50 per lesson. For your convenience we have bundled packages for purchase on our website [Trial Lessons](#). Once you have completed the trial lessons your skater will be ready to choose a primary coach. Following coach selection, you will have a conversation with your new coach on hourly rate for lessons (available upon request), goals and lesson timing.

To get started:

1. Send an email to chaskafigureskatingclub@gmail.com requesting information about trial lessons.
2. The Aspire Coordinator will contact you to have a conversation regarding the trial lesson program. They will set-up lessons with our available coaches and answer your questions during the trial lesson period.
3. Register for the number of trial lessons that have been arranged for your skater.
4. Complete the trial lessons that have been assigned for your skater and choose a primary coach.
5. Meet with your new primary coach! 😊

Once again we are thrilled to accompany you on the next phase of your skating journey and can't wait to see you grow as a skater with CFSC!
