

Skating Exhibitions

By definition, exhibitions are a display or demonstration of a particular skill. The CFSC Skating Exhibitions are just that, a way for our skaters to showcase their skating routine in front of friends, family and the public. These are usually scheduled three times throughout the year (June, August and December). This is a great way for CFSC skaters to perform non-competitively alone, in a small group or a larger group in front of an audience.

An exhibitions registration form will be sent out to Home Club and Associate members to fill out should they wish to participate. Non-Club members may participate depending on the number of skaters and time permitting.

The current cost is \$5.00 for Home Club and \$10.00 for Associate members. A non-Club member may skate in the exhibition for a fee of \$20.00. \$15.00 of this fee can be redeemed toward a membership in the Club if the skater joins within 15 days of the exhibition. Revenue from exhibitions is used to offset the cost of ice time.
